5

Cambridge January 28th 1895

To the Honorable City Council of the City of Cambridge

The undersigned citizens and tax payers of East Cambridge most respectfully pray that an ambulance be located in this Ward for the reason that the District is largely devoted to manufacturing and it is reasonable to assume that many accidents will occur in such a locality and the service of the ambulance is more needfull here than in any other portion of our City and we pray for a hearing at the earliest opportunity
