To His Honor the Mayor, and the Board of Aldermen of the City of Cambridge

Gentlemen

At the suggestion of some individuals connected with the City Government, I have been induced to ask that I may be appointed Keeper of the City Hall and Messenger, having performed that duty for eleven years now last past, and as I trust to the approbation of the various boards of Selectmen, I hope no further recommendation will be needed on my part.

City of Cambridge May 7. 1846.

John Fellows
