CAMBRIDGE, MASS.

Cambridge, Sept 10, 1976

To the Honorable, the City Council of the
City of Cambridge:

The undersigned respectfully pray

That Marvin Place be made a accepted way and paved. For the following reasons:
It's virtually impassable to foot traffic (Residents, Mailmen, Visitors etc. From a normal rainfall which causes small ponds to form due to unlevel terrain.
Winter conditions are doubly hazardous because of snow depth and iciness. Motor vehicles (cabs) refuse to enter lest they become entrenched.
In case of Accident or Illness, getting an ambulance or rescue unit could prove to be a real serious problem. I am declared leagaly blind. And at times need a cab to get to VA Hospital. In bad weather they will not come into yard. Which is equaly bad for me having a accident. I pray this will take serious consideration.

Yours Truly

8/17/77
City Engineer states petition can't be accepted due to such a short length of road. Recommends PWD hot-top and install a catch basin.
