Hon Wm. F. Brooks

Dear Sir.,

Having heard that you were contemplating a change in the City Engineer Office, and being informed by what seems reliable authority that Mr Pike the Supt of Sewer would resign if the present engineer was not appointed I would like to have you consider my name as a applicant for the position of Supt of Sewer in the event of the above taking place

I believe my 17 years experience as a mason and sewer worker with added knowledge I obtained on the pipe line the present information on sewer reconstruction in connection with the subway in addition to my 3 year membership in the city government has fitted me in a way that I should be able to perform the duties of such a position with credit to you, to the city best interests, and to the democratic party

Should the occasion arise I would be willing to take a civil service examination if necessary

Dear Sir:

I have your request that I furnish you with my opinion as to the legality of the appointment of the President of the Board of Aldermen and the President of the Common Council as members of the Special Commission for the equipment and maintenance of playgrounds, under the provisions of an order of the City Council, approved June 10, 1910. I can find nothing in the Statutes or Ordinances of the City of Cambridge which prevents such appointments, and I am therefore of the opinion that they would be legal.

Respectfully submitted,

James F. Aylward.
