

On July 8th I inadvertently left my camera case containing my camcorder, camera and film on Vassar St. behind the Hyatt Regency and drove back home to Hull.

Once home and realized my huge oversight I had very little hope of seeing my 11 month old Sony camcorder again along with my reg. 35mm camera. Since I parked behind the Hyatt I called them but, after informing me that they are not responsible she told me "no nothing has been turned in."

I was ready to drive back and comb the streets but decided to check with the Cambridge Police. I informed the officer of my problem and could not believe her when she said they had it!

Cambridge Police are an asset to their profession and I am forever grateful! Thank you
Annie, Nash from Hull.
