East Cambridge July 15th 1884

In the matter of the extension of 6th street

Should the city take the entire Davis lot for the extension, Mr J P Squire will give to the city a three cornered lot of land large enough to take off the sharp angle in the street, caused by taking said Davis lot, he will also buy from the city at a fair valuation the buildings now on the lot.

If the city decide to take half of the Davis lot and the balance from Mr Squire's land he will require them to pay him, what he paid the city for said land with taxes and interest added.

Mr. W. F. Webster;

Dear Sir,

Being to a
previous engagement. I
shall not be able to repre-
sent my firm at the
hearing before the Committee
tonight. We are tax-payers
though not land-owners and
as such have been assured
by the Chief Engineer of the
Fire Department that it was
a very necessary thing that
water should be brought
down the street. We hope for
this reason it will be accepted.
Otherwise a blaze might start
here that would spread to a
large part of Cambridge-
port and cost the Community
a very heavy sum.

I should be glad to have
you present this letter at
the hearing.

Yours respectfully

Mary W. Lath
