Dear Sirs, + Mayor
Alice Wolf,

I do not want
low cost housing to

replace my son's
basketball court or the
beautiful New Music School
and Cambridge Art Association
on Lowell St.

We already have
a rent-control system
gone completely crazy. My
former therapist making \$50
an hour lived in ~~the~~ a
rent control apt. Get those
wealthy people out.

~~I~~ I met a man who obviously ~~is~~ needs help; yet his father is a Professor at M.I.T. making approximately \$70,000. Why doesn't he help ~~for~~ his own son? Why must I, the taxpayer? My parents support me because I am crippled with arthritis.

Also elderly people have children some of whom are professionals making lots of money. We don't need low ~~low~~ cost housing for these elderly.

a police commissioner for \$93,000 plus benefits when he is receiving \$59,000 from the City of Miami!! We need a police commissioner and a police chief? why? There are too many traffic lights in this city - and the ARTS council needs to go.
