

City of Cambridge

9.

IN CITY COUNCIL

March 31, 1980

MAYOR DUEHAY
 COUNCILLOR GRAHAM
 COUNCILLOR D. SULLIVAN
 COUNCILLOR WYLIE

- WHEREAS: Cambridge voters in the November 6, 1979 City election overwhelmingly approved, by a 4 to 1 vote, Question 3, which in part advised this City Council "actively to encourage building insulation, energy conservation, and the use of solar power and other safe energy sources in the City, thereby saving Cambridge residents money and creating new jobs"; and
- WHEREAS: The rising cost of energy is placing a tremendous strain on an already tight City budget, and could result in an increase in taxes at a time when many people in Cambridge are having difficulty paying for heat; and
- WHEREAS: Many city owned and operated building and public housing structures are extremely energy inefficient with ancient heating systems and inadequate weatherization; and
- WHEREAS: The people of Cambridge look to their city government for leadership and creativity in finding solutions to our current energy dilemma; therefore be it
- ORDERED: That the City Manager is requested to appoint from the appropriate departments an Energy Management Committee to prepare and implement a municipal energy efficiency plan. The Committee should ensure that energy audits are performed for all municipal buildings, including public housing structures and that funding be made available to undertake cost-effective measures. The Committee should also investigate ways to use energy more efficiently in the operation of city vehicles and street lighting; and be it further
- ORDERED: That the Energy Management Committee should work closely with the School Department to learn from its successful program; and be it further
- ORDERED: That the Energy Management Committee should submit a progress report to the City Manager and to the City Council within two months of the passage of this order and submit monthly reports thereafter.

In City Council March 31, 1980

Adopted by the affirmative vote of 8 members.
