RE: Norfolk Street/Public Works

Dear Mr. Healy:

At the last resident meeting with Jerry Boyle, we were promised that work would proceed for the beatification of the Public Works area on Norfolk Street.

We have made numerous attempts to reach your office regarding this matter and no one has made an attempt to contact us.

As long standing taxpayers in the City of Cambridge we feel that we should be treated fairly and professionally.

Our neighborhood has many property owners that have lived there for many years and have had to live with the "eyesore" and garbage of the Public Works facility. It is about time the city take interest in our neighborhood.

For some reason or another it appears that we are forgotten as in the recent snow storm. If it were not for one of our residents, Mr. Dennis Crowley, to plow this section of Norfolk Street we would not have been able to drive our cars out onto the street.

We are very tired of being treated like second class citizens.

I hope that this letter will provide you with an example of our frustration with the city. Please make an effort to build a wall on Norfolk Street to help us from this "eyesore."

I would appreciate a response as to the timetable to complete this project.

Respectfully,

Dennis Crowley *Dennis Crowley*
