

July 8, 1975

25 Clinton Street
Cambridge

Dear Cambridge City Council,

As a resident of Cambridge, I am most inconvenienced by the policy of local establishments of not having tiolets for their customer's use. I think this condition speaks poorly for a city to its visitors and residents. It seems that what used to be a curtesy now must be a law. Hoping the Council will make some move to remedy this situation I am

Sincerely Yours

Nicol Symons
