Subject : Council Order #5 - Councillor Vellucci - 11-9-81
103-105 Otis Street Sidewalk

The Public Works Department has inspected the brick sidewalk at 103-105 Otis Street and found this sidewalk to be typical of many of the brick sidewalks in the city of Cambridge. As you are aware, there are no funds in the Public Works Department budget for any construction projects. However, we have made an attempt and will continue to repair areas where serious defects exist.

The sidewalk at 103-105 Otis Street is presently under repair by this Department, and we will make it safe to the best of our ability.
