City Manager

Acting Commissioner

Reference

Subject City Council Order #4

Based on the proposed location, it is my initial impression that with the Mount Auburn and Sancta Maria Hospitals, as well as three additional medical buildings located so close, we would not receive a determination of need from the Department of Public Health in order to establish a new Neighborhood Health Center in this area.

However, I shall refer the order to the Health Policy Board for a more detailed study, and recommendations regarding this proposal.
