OFFICE OF CITY CLERK
Cambridge

Council:
wish to add my
voice ^{and} ~~in~~ ^{to} ~~the~~ ^{my} ~~protest~~
along with the ^{other} ~~members~~ ^{number} of
Cambridge residents with the
City Council regarding the hard
core pornography now, as was allowed
to be displayed and sold on
the news and magazine stands
and ^{some} ~~commentaries~~ ^{in the}
U.S. are taking steps to
protect society from such decadent
and ~~deviant~~ influences. When
young teenagers and pro-adult-
escents can enter a store such
as the kiosk in Harvard Square,
or any other place, and browse
among road filth and vulgarity,
I think it's time to prevent
profiteering at the expense of our
young people.
A recent picture on
the front cover was a

lewd young lady, lying
with her legs spread open,
dressed only in a lace bra
and lace bikini pants. She
has the fingers on one hand
inside her pants and on
her face is a look of
ecstasy.

I do not object to
pornography in privacy among
consenting adults. But when
it is displayed on public
view and our young people
are affected, it is time
to exercise control.

Sincerely yours
(Mrs.) Marie Schell
