To the Honorable, the City Council:

I wish to advise your Honorable Body that I have discussed Council Order No. 9 of January 14, 1974, as it relates to the use of private firms to do sanding and salting for the City of Cambridge, with the Commissioner of Public Works and have been advised that all sanding and salting of the streets is accomplished by City vehicles utilizing City personnel.

I can also advise your Honorable Body that I believe that the cooperation that has been extended by not only the Police Department but also the Traffic Department has been of the highest order and I like to think that our accomplishments in combatting the recent snow storms has resulted in the best snow removal operation in recent years.

I believe that the Commissioner of Public Works, working cooperatively with the Chief of Police and the Director of Traffic and Parking, has contributed significantly to making this operation a very effective one.

Very truly yours,

John H. Corcoran
City Manager
