APPLICATION FOR DRIVEWAY CUTS AND OPENINGS

97 JUN 25 PM 4:20

CITY OF CAMBRIDGE RECEIVED

CAMBRIDGE MA.

JUN 16 2 41 PM '97

97 JUN 6 PM 11:00

INSTRUCTIONS:

In order to obtain permission for a driveway cut or opening you must first get approval from the Department of Inspectional Services on the zoning requirements for off-street parking, including the cooperation of your immediate abuttors.

To receive a review from Inspectional Services you must fill out Part I of the application. Be sure to draw your plot plan on Drawing 1, choosing the lot that represents your lot's position, i.e. corner or interior. You must also include a sketch of the proposed driveway, including dimensions, on Drawing 2. You may then calculate the cost of the driveway by using the formula based on your choice of surfaces. You must also include a signed abuttor sheet for each of your abuttors: back yard, one on either side and the abuttor directly across the street.

Once you have gathered this information on the application, it should be submitted to:

Zoning Officer
Inspectional Services
831 Massachusetts Avenue
Cambridge, MA 02139

If the application is approved by Inspectional Services, it will then be sent on to Traffic and Parking, the Historical Commission and the Department of Public Works. If approved by Public Works, the application and backup will be sent to the City Council for their approval. Once the City Council approves, the driveway curb cut can be installed. However, the full cost of the cut must be paid to Public Works before the work will start.

If, however, Inspectional Services denies your application you may then appeal to the Zoning Board of Appeals.

Dear : Sir

Daniel O'Connell's Sons is performing a renovation of the building located at 210 Vassar St.

Part of the work calls for the removal of the existing curb cuts along the front of the building and replacing them with granite curbing. Then we are to remove and replace the existing sidewalk using bituminous concrete.

Attached you will find copies of the Application For Driveway Cuts And Openings (one for each of three sections of curb replacement), a sketch of the work and the abutters form completed by Janis Burke of MIT.

A bond check in the amount of \$2000.00 is being forwarded to the Dept. of Public Works to cover the cost of this work.

Sincerely,

Thomas J. Lane
Project Engineer

INSTRUCTIONS:

In order to obtain permission for a driveway cut or opening you must first get approval from the Department of Inspectional Services on the zoning requirements for off-street parking, including the cooperation of your immediate abuttors.

To receive a review from Inspectional Services you must fill out Part I of the application. Be sure to draw your plot plan on Drawing 1, choosing the lot that represents your lot's position, i.e. corner or interior. You must also include a sketch of the proposed driveway, including dimensions, on Drawing 2. You may then calculate the cost of the driveway by using the formula based on your choice of surfaces. You must also include a signed abuttor sheet for each of your abuttors: back yard, one on either side and the abuttor directly across the street.

Once you have gathered this information on the application, it should be submitted to:

**Zoning Officer
Inspectional Services
831 Massachusetts Avenue
Cambridge, MA 02139**

If the application is approved by Inspectional Services, it will then be sent on to Traffic and Parking, the Historical Commission and the Department of Public Works. If approved by Public Works, the application and backup will be sent to the City Council for their approval. Once the City Council approves, the driveway curb cut can be installed. However, the full cost of the cut must be paid to Public Works before the work will start.

If, however, Inspectional Services denies your application you may then appeal to the Zoning Board of Appeals.
