V V IMPORTANT

PETITION  
To the City Council of Cambridge

We, the undersigned students at the Community Learning Center and taxpaying residents of Cambridge, would like to have a bigger space for our school as soon as possible. We would like to have that school still in the Central Square area.

Our building has many problems. Our classrooms are too small for the number of students we have. The ventilation does not work in all the rooms. When we open the windows for cool air, we can not hear the teacher or other students because of the street noise. We do not have enough room for computer classes, and we would all like to increase our knowledge in this important area.

We understand that it is not easy to find another building, but we hope you will take our reasons for wanting to move seriously. We would appreciate your help with these problems and would like very much to continue our education at the Community Learning Center -- in a new building!

PETITION  
To the City Council of Cambridge

We, the undersigned students at the Community Learning Center and taxpaying residents of Cambridge, would like to have a bigger space for our school as soon as possible. We would like to have that school still in the Central Square area.

Our building has many problems. Our classrooms are too small for the number of students we have. The ventilation does not work in all the rooms. When we open the windows for cool air, we can not hear the teacher or other students because of the street noise. We do not have enough room for computer classes, and we would all like to increase our knowledge in this important area.

We understand that it is not easy to find another building, but we hope you will take our reasons for wanting to move seriously. We would appreciate your help with these problems and would like very much to continue our education at the Community Learning Center -- in a new building!

We are students from many countries who have been in Cambridge for different amounts of time, some for many years. We are studying English at Community Learning Center. We are working hard to improve our English and many of us would like to become citizens. We are glad to study here.

The Central Square location is convenient, but our building has many problems. Our classrooms are too small for the number of students we have. The ventilation does not work in all the rooms. When we open the windows for cool air, we can not hear the teacher or other students because of the street noise. We do not have enough room for computer classes and we would all like to increase our knowledge in this important area.

We understand that it is not easy to find another building, but we hope you will take our reasons for wanting to move seriously. We would appreciate your help with these problems and would like very much to continue our education at the Learning Center.
