Re.: Bench in front of Charlies Kitchen

Dear Tim,

With reference to the upcoming ordinance that will not allow smoking in bars and restaurants we ask your attention.

We would like to apply for a permit that allows us to have a bench outside in front of Charlies Kitchen. The bench would be used by our patrons to smoke a cigarette outside. Next to the bench we would like to have two 'flower/cigarette pots', one on either side.

During our opening hours this bench would be positioned on the brick part of the sidewalk. At closing we would bring the bench inside. The bench is approximately five by two feet.

Looking forward to your reply, we remain.
