EXECUTIVE DEPARTMENT
JOHN H. CORCORAN
City Manager

September 10, 1973

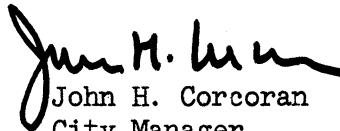

To the Honorable, the City Council:

I take this occasion to advise your Honorable Body that our Engineers are completing their drainage designs on Blanchard Road and Concord Avenue.

When this work is completed it should considerably improve the drainage situation at both locations. On Blanchard Road we require easements from two property owners and the paper work necessary to accomplish this has been forwarded to the owners involved. From prior conversation with the owners, it is expected that the easements will be granted, without the necessity of a Council order of taking.

It is my intention to have this work completed before the start of the winter season.

Very truly yours,

John H. Corcoran
City Manager
