Pearl Street, Cambridge, Massachusetts

Honorable Mayor Vellucci
and Members of the City Council
Cambridge City Hall, Cambridge, Mass.

September 21, 1970

Honorable Mayor and Members of the Council:

I would like to state that the Cambridgeport Planning Team expresses a strong commitment to work with the Riverside Planning Team and the Riverside Neighborhood Association in their attempt to develop a workable plan for low and moderate income housing on the Riverside Press site.

In order to do this we need the full support of the City Council and the City Manager as well as all city agencies with professional experience and expertise who can help us.

I'm sure you join us in realizing that nothing to date has been done in Cambridgeport and Riverside to begin to develop low-rent family housing in Riverside. This is an opportunity for us to begin to work together.

Sincerely, yours,

Mrs. Laura Brown
