Reference

Subject : Council Order No. 1 - Councillor Preusser - September 25, 1978
Tree Planting Committee

I have reviewed the Council Order of Councillor Preusser in reference to a Tree Planting Committee, and feel this committee maybe worthwhile. However, I would request that the tree committee work directly with the Public Works Department similar to the Planting Committee of Councillor Ackerman two years ago. Direct relation with this committee would eliminate the problems of not realizing the departments responsibilities and workload along with budget limitations.
