

December 26, 1990

Dear Mr. Connarton:

I want to express my thanks on behalf of my whole Company for the award we received from the City Council, regarding the opening of our restaurant.

I hope the future will prove that we will be worthy of all the trust and faith placed upon us presently.

After immigrating from Italy, I considered Cambridge my new hometown and as the years went by, I felt stronger about it. I like the cosmopolitan environment, the educational centers, and the city as a whole. I always wanted to make a contribution to the greatness of this city. This is why our Company was born in Cambridge. As time went on, inspired by the dynamics of our society and by the dream to please and contribute to the city's environment, our company has grown to the point where our contribution is finally becoming tangible.

However, our goal has not been reached. Our actions and achievements will never be comparable to the stature of the city of Cambridge, but we will always endeavor to participate to its splendor and greatness.

I thank the support of the City Council and that of the North Cambridge Stabilization Committee. They have represented the city with the dedication and professionalism that the city and its people deserve. We will always be mindful of their help and cooperation which were indispensable to the opening of the restaurant.

I am pleased you enjoyed our food. As you know, the concept of our restaurant is based on low cholesterol and low fat menu. It is our hope that the restaurant will be a beacon in establishing a trend to healthier and better eating habits for future generations.

Sincerely,

Lelio Marino
President

cc: To the members of the Cambridge City Council

John E. Flynn, Deputy City Clerk
Vice Major Kenneth E. Reeves
Edward N. Cyr
William H. Walsh
Sheila T. Russell

Mayor Alice K. Wolfe
Francis A. Duehay
Jonathen S. Myers
Timothy J. Toomey
Walter J. Sullivan

22. S-31

Comm. from Lelio Marino, President, Marino
Ristorante, in appreciation for the resolu-
tion adopted by the City Council regarding
the opening of the restaurant.

In City Council,
