Michael:

It is so kind of you to respond in that way. Thank for your enthusiasm. In my heart of hearts, it really meant a lot to have you there, along with David, of course Tim, and Marjorie and Kathy as well. I was so happy you stayed through the whole dinner.

Last Friday, I had occasion to visit the home of one of our students, who actually has gotten into some difficulty at CRLS, and has an important meeting on Wed. morning. The mother asked me to come to this meeting.

It really is dawning on me, that we really have a chance to influence these kids lives. I was going to ask Tim, who spoke in such a heartfelt way, in conjunction with you and the others who were there, but as you took the initiative perhaps you can talk to Tim and others. I would like to see a resolution put in by Council, just speaking to the process of working with the City. It should not have any dollar request per se, but just encouraging the City and us to develop our working relationship. This is so much we can add to each others efforts, in the view of serving the kids of the city, which is something you and your family have been involved with for generations. Is this OK?

Also, I just want to say that my ideal is to have a place in the city where young people can come to to work on their seminars with us, as well as do things such as college applications etc. A peaceful quiet space would be great. I just noticed that the building on the corner of Broadway and Prospect is now for lease, Ironically this a place where the late John O'Connor's campaign offices were, what a sad tragedy. Anyway this building would probably be beyond our scope alone, but in partnership with support from others it would be great. Any thoughts?

In any event, thank you so much for your thoughtful comments, I look forward to working with you in the years ahead. Please do give my best to Denise, kids, and of course Walter and Marion.

In peace,

Jon
