Dear Mr Tsunehisa Yamada CAMBRIDGE MA.

Jan 25th 1986

I would like to express my sincere appreciation for the wonderful consideration and cooperation to Yatabe.

We were particularly delighted to act host committee to Ms Susan J. Babajtis.

She is a delightful lady and so excellent teacher, that we enjoyed having her in this city.

During she was in Yatabe, she worked very hard in the every parts of field, especially to promote international exchange, good will and understanding between both cities.

Moreover, she has helped to teach native English to the Junior H. School students and some ladies group of Yatabe.

We believe this fact really proved helpful not only to the students but also to the citizens of Yatabe.

But beyond this, it provided people of Yatabe a unique chance to experience something of American way of life, giving real meaning to the kind of cultural and educational interchange that Cambridge, in its Sister City partnership with Yatabe, is clearly trying to foster.

The warmth and earnestness of her attitude were much commented upon, and will certainly be long and fondly remembered.

She is also a credit to herself and City of Cambridge, and did a great deal on improving our relationship between both cities.

We, people of Yatabe, eager to have Ms Susan more longer, but we are very sorry to have to say goodbye.

We are looking forward to continuing our strong Sister City relationship and hopefully a successor will have the opportunity to visit us in Yatabe one day soon.

YATABE, TSUKUBA SCIENCE CITY

筑波研究学園都市 · 谷田部町

Once again, I do wish to express my gratitude, both personally and on behalf of the citizens of Yatabe, to the City of Cambridge and Cambridge Sister City Committee, for your kindest assistances to Yatabe.

With best wishes and regards

Yours in friendship

沼尻民平

Tamihei Numajiri

Mayor of Yatabe
