To the Committee on Roads & Bridges
Dear Sirs

I wish to offer my objections to the granting of the petition for Edgestones on Kamester St. as far as my property is concerned. Beginning at North Ave and extending westerly on the north side of Kamester St 140 feet
For following reasons

The Street opposite my premises is excellent.
The Gutter is paved in first class shape

I have laid a fine new concrete walk on a bed of chip stones two feet deep. The concrete extending down into the Gutter making a perfect water shed

To put in the Edgestones would disturb & spoil the same. be an needless expense to the city & injure the looks of my place. My lot being the only one on the Street with improvements in the shape of walk & Paved gutter I trust the committee will make an exception of the same in granting the ~~above~~ petition

Very Resp
