

Dear Councilors,

RECEIVED
NOV 19 PM 2:22
OFFICE OF THE CITY MANAGER
Please act to save this city ~~and those~~ people who work in, rent in, and pay the costs of Cambridge. We are the employees of its largest institutions, its small companies, its local businesses.

We showed our faces Monday night. We have worked hard in this election to let others know that Cambridge wants control over its own government. And now we are turning to our Councilors whom we voted for to lead us in our home rule petition.

I am a very moderate income single mother with a college-age child who works too hard to be thrown out of Cambridge. This city must be preserved. Fight for a proposal that saves the most for a future Cambridge for the greatest number of people and we will fight with you!
