PRESS RELEASE

The City of Cambridge has completed its second month of its Street Cleaning Program and found that the number of violators continue to decrease in comparison to the same period last year.

We are asking the people to give us the same cooperation throughout the year so that we can continue to keep our streets clean. It should be stressed that we cannot do an effective job without working as a team and the people of Cambridge are the largest part of the team.

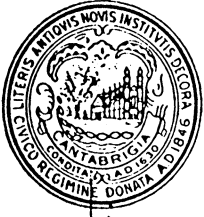

Again, we would like to thank all the people and agencies involved for their wonderful cooperation.

Very truly yours,

George Teso
Traffic Director
