Cambridge City Council
City Hall
Cambridge, Massachusetts 02139

Dear Councillors:

Our organization wishes to express itself publicly on the issue of the proposed sister-city relationship between Cambridge and Erevan. We wish to discuss the inclusion of non-discrimination and free exchange provisions within the sister-city agreement.

We would appreciate it if the City Council could arrange for us to speak before it at the earliest possible time. We would specifically like to request a place on the agenda for next Monday night, April 6th. Because of the Passover holiday, we would be unable to come before the Council on either of the two following Monday nights, the 13th and 20th. In view of the impending finalization of the sister-city agreement, we hope that the Council will be able to grant our appearance on the 6th. Thank you very much.

Sincerely,

Robert Gordon

President
