Communications 9/28/96

To The City Council
The City Manager
The Public Works Commissioner

Thank you for rewriting in a more sensitive and realistic way the message to citizens regarding snow and ice removal.

The idea is to always do things so that people are inspired to work with each other. We often forget that the bottom line purpose is not snow or ice removal but the living of life in an intriguing enjoyable way. This Art can make everything we do much more enjoyable and interesting.
