Cambridge City Council
City Hall
Cambridge, Massachusetts

Mayor Vellucci and Members of the Council:

The League of Women Voters of Cambridge believes that the City Council of Cambridge should establish an orderly procedure for selecting a city manager when a vacancy occurs in the position. This process should include a thorough search inside and outside the city for the best qualified person. He should have administrative experience preferably as a city manager.

On this basis we protest the impending action of the City Council to appoint a permanent city manager at this time.

Very truly yours,
Nancy R. Evans, President
League of Women Voters of Cambridge

188 Upland Road
Cambridge 02140
