

(2)

PETITION

In 1976, Stawberry Hill/Corcoran Park residents were assured that officers would patrol this area as part of their regular beat. Visibility was only for a few months duration, then patrolling disappeared completely.

Must we have a major outbreak of crime or an accident such as those occurring in other parts of the city before this Council and the Police Department will assign patrolmen in this area? We are taxpayers, we do have problems and we are entitled to protection as any citizen in the City of Cambridge has a right to such protection.

Vandalism and rowdiness, coupled with drinking and drug abuse, are steadily on the increase in this neighborhood. The summer of 1977 saw groups of teenagers from Belmont, Watertown and other surrounding areas encroaching more and more into this neighborhood, increasing the concerns and fears of the residents.

Already in the past two months, numerous incidents have occurred. For example --- barrels through windshields, bee-bee shots through windshields, tires removed and slashed, and some cars demolished, to name a few. All of the above incidents can be documented with police blotter records.

For the above reasons, We, the undersigned request the City of Cambridge and the Cambridge Police Department to assign a foot patrolman and an outreach worker for the Stawberry Hill/Corcoran Park Community.
