Dear Mr. Healy:

Thank you for your letter concerning the railroad cars being stored at Alewife.

The contract to remove any asbestos prior to disposal of the cars is about to be awarded. Once the contract is accepted, we must submit the asbestos removal plan to the Department of Environmental Protection for its approval. Upon completion of the asbestos removal, we will then put out a subsequent contract for the actual disposal of the cars.

If you have any further questions, please feel free to contact my office.

Sincerely,

To The Honorable, The City Council:

In response to Awaiting Report Item Nos. 24 and 71, regarding the asbestos laden commuter rail vehicles being stored at Alewife, please find attached a letter from Thomas Glynn, General Manager of the Massachusetts Bay Transportation Authority.

In the meantime the area containing the vehicles has been fenced in, and signs have been installed indicating the presence of a hazardous material.

Very truly yours,
