Gentlemen:

I am the owner of 15 Trowbridge Street and 15 and 21 Ellery Street and wish to go on record as being opposed to the proposed zoning change in the Trowbridge and Ellery Streets area from C3 to C2 or to any downward change from the present zoning allowances.

There are a number of deteriorating single, 2-family and rooming house buildings in this area that should give way to the improvement to be brought about by new construction. I feel it is short sighted consideration to retrogress to the zoning limitations of the past.

Thank you for your attention to this view.

Sincerely,
Newton Line Realty
