TRAFFIC & PARKING

George Teso
Director

P R E S S R E L E A S E

The City of Cambridge again would like to thank the public for the cooperation it is receiving from them during their Street Cleaning Operations.

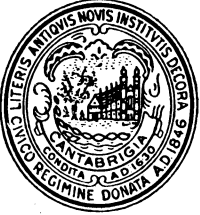

This cooperation can now be measured in comparing the number of motor vehicles towed during last year's Street Cleaning Program compared to this year. During the months of April and May 1974, the City towed 3011 motor vehicles and during the same two months of this year, the City has only towed 1608 motor vehicles.

These figures show a decrease of 1403 (47%) motor vehicles being towed this year than last year. If we continue to get the same cooperation throughout the year, we believe that the number of vehicles towed will be a lot less than they are now.

Very truly yours,

George Teso
Traffic Director
