**RE: REQUEST PURSUANT TO CAMBRIDGE CITY COUNCIL
TRAVEL POLICY.**

Pursuant to the travel policy of the Cambridge City Council, I request the approval to attend the Children's Defense Fund's Annual Conference in conjunction with the upcoming National League of Cities Conference. Both Conferences are in Washington, D.C.

The National League of Cities is from March 6, 1997 through March 11, 1997, the Children's Defense Fund Conference is from March 12, 1997 through March 15, 1997.

The additional costs involved are registration and hotel.

I am particularly interested in the impact of the virtual elimination of welfare on children and families and hence I believe that the Children's Defense Fund Conference will benefit the future work program of the Council sub-committee on Human Services and Youth, which I chair, and will work to broaden the perspective of the Kid's Council of which I am a member.
