

To a Member of the Cambridge City Council
3/3/1982

Dear Mr. Duchay -

Please help me in letting
the right officials get this letter in
time or the contents of this letter.

I am writing about getting the schools
to put prayer back into schools.

It is up to us citizens to have a
say in this great concern for our
children while at school.

Parents can help the children at home by
praying together at home
and churches at church.

But you know and I know if prayer is not
put back in the schools soon.

More Satanic forces will take over our
school children and all hell will break loose
from these children. And God helps us
when this happens. It's just starting now,
we have not seen any thing yet.

I pray you do agree with me.

Please write or call soon, I do not have the
addresses for the proper places to write or call. IN TOWN STATE^{etc}

Thank you very much I'm a parent of school-age
children. I know I can count on you, Mr. Duchay.

Time is running out, we must work now while we can.
I attend Universalist church, sometimes at 3 Church St.

Let's keep praying.

Sincerely

Mr. Robert Johnson
