EXECUTIVE DEPARTMENT
JOHN H. CORCORAN
City Manager

December 4, 1972

To the Honorable, the City Council:

I take this occasion to present for formal approval by your Honorable Body the proposed site location for the so-called new North Cambridge Skating Rink. Consistent with prior talks on this matter and recognizing various concerns that have been expressed to date, I would hope that your Honorable Body would look with favor on locating the new skating facility on City of Cambridge land in the general New Street area. This rink will be so located that it will complement the overall development of land comprising the so-called Cambridge Dump.

I know that to properly accomplish this installation it will be necessary to rebuild a portion of the present New Street together with the installation of such utilities as might otherwise be required.

In addition, I believe it will be necessary to either provide, or have otherwise provided, for the installation of a pedestrian foot bridge over the railroad tracks so that those patrons who might be residing in the upper Rindge Avenue area of the community might be able to reach the facility without having to contend with the hazards of the railroad trains along the Fitchburg Division line of the Boston and Maine Railroad.

Assuming that this communication is favorably received, I shall so advise the Planning Board for the purpose of ascertaining the most advantageous location for such a facility within the confines of the Cambridge City Dump, in order that such location might be consistent with the overall development of the entire dump area.

When this has been accomplished suitable boundaries shall be described and I shall communicate with the Metropolitan District Commission regarding appropriate land transfers, etc.

Very truly yours,

John H. Corcoran
City Manager

JHC/b

Comm. from John H. Corcoran relative to
the proposed site location for the
so-called new North Cambridge Skating
Rink.
