

City of Cambridge.

In Board of Aldermen, June 26 - 1872,

The Committee on Public Property to whom was referred the Communication of Mr. D. A. Buckley relative to a building erected by the Superintendent of the Water Works, on Auburn Street, report, That, the difficulty has been remedied by the removal of said building back to the line of other buildings on said Street.

The Committee do not consider it necessary to "establish an ordinance for the governing the Sale of Public Lands" as asked for by the petitioner, as the City will undoubtedly continue, where needful, the same restrictions as heretofore imposed on Sales.

For the Committee
J. A. Holmes.
