Mr. Joseph Connarton
Cambridge City Clerk
City Hall
Cambridge, MA 02139

Dear Mr. Connarton:

When you expressed your concern about the code proof delivery, I discussed the situation with our production department.

The project is well under way, and we will be able to deliver proofs to Titles 1 through 10 to you by September 30. The balance of the proofs will follow within approximately 10 working days. This will at least allow you and the council to begin work on the first half of the code in early October.

I realize that you were hoping for an earlier delivery. A code project of this size typically takes six to eight months, and we will make every effort to deliver the code within that time frame.

Please call if you need more information. I will be in touch soon.

Sincerely,

Donna Christensen
Customer Relations Director
