To The City Clerk:

Pursuant of the amendment to 333CMR 10:03 (21A) of the Massachusetts Pesticide Board, we respectfully request a list of all residents, their abutters, and their addresses who have registered prior to March 1, 1984 to be excluded from the direct application of pesticides to their property.

The reason being that we have clients in your community requesting insect and disease control applications and we want to respect the rights of citizens who do not wish any spray applications.

You will find a self addressed envelope enclosed for your convenience.
