Re: petition for fluorescent strip lighting at 2150 Mass. Avenue

Dear Mr. Carbone:

In connection with your petition of September 28, 1983 on behalf of Eastern Image Investors, requesting permission for fluorescent strip lighting at the above referenced address, please be advised that the City Council at its meeting of October 3rd moved to refer the petition to the City Electrician for his report and recommendations as to what this form of lighting is and what it entails.

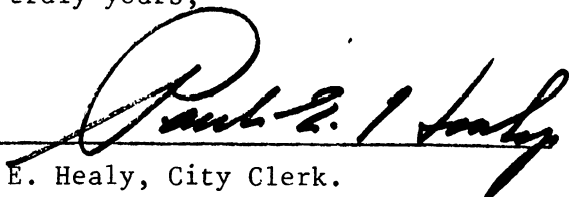

A copy of your petition was forwarded to the Electrician by this office on October 5th and the Council has taken no further action on the petition as of yet, pending receipt of this report. This office is in receipt of a communication from Mr. William Crocker, City Electrician, dated October 12th, stating that before he can complete his report and make his recommendations, he must have further information as to the specific manufacturer's name & catalogue number of whatever type or brand of fluorescent strip lighting is to be utilized in this particular case.

Pursuant to the action of the City Council and Mr. Crocker's communication, this office has sent two letters to you, one at the home address you listed in Somerville on your petition, which was dated October 19th (and was returned to us in the mail) and the second one sent to this address. As yet we have not received any response from you. This petition is being carried on the City Council Calendar and we are waiting to make final disposition on it.

Would you please be so kind as to inform this office at your earliest convenience as to your plans relative to this petition and forward whatever information you may feel pertinent, in order that we may transmit same to the City Electrician.

Your very kind cooperation in this matter will be greatly appreciated, both by this office and the City Council.

Very truly yours,

Paul E. Healy, City Clerk.
