IN BOARD OF ALDERMEN, *April 20 1894*
~~October 24, 1893.~~

Resolved, That the public necessity and convenience require that *Wyeth Street* should be widened and laid out at the width of fifty (50) feet, from Concord Avenue northeasterly to Garden Street, about six hundred and forty-five and four tenths (645.4) feet; and thence extended and laid out at the width of fifty (50) feet from Garden Street, northeasterly through private land, about five hundred and thirty (530) ft., to a point in the southeasterly line of Brendon Street, so-called; also that said Brendon Street should be laid out at the width of forty (40) feet from the aforesaid point, about four hundred and three (403) feet to Raymond street; also that Newell Street, so-called, should be laid out at the width of fifty (50) feet, from the aforesaid point in said Brendon Street, northwesterly, about three hundred and eighty-five (385) feet to Lambert Avenue extended; also that said Lambert Avenue extended should be laid out at the width of fifty (50) feet from the proposed northwesterly terminus of said Newell Street, about four hundred and thirty-five (435) feet to the westerly line of Raymond Street; and that as a part of such widening, extension and laying out, it is necessary to take for such purpose certain strips or parcels of private land, the lines and areas of which are shown in blue ink upon a plan drawn by Lewis M. Hastings, City Engineer, dated June 1, 1893, and entitled "Plan of the proposed extension of Huron Street," and on file in the office of the City Engineer, said strips of land being bounded and described as follows:—

Beginning at a point in the northeasterly line of Concord Avenue at its intersection with the northwesterly line of Wyeth Street, thence running northwesterly along said northeasterly line of Concord Avenue, about thirty-three and five-tenths (33.5) feet to the tangent point of a curve; thence running southerly and easterly along said curve of twenty (20) feet radius, about twenty-nine (29) feet to the other tangent point of said curve, at a point in the proposed northwesterly line of Huron Street; thence running northeasterly along said proposed northwesterly line of Huron Street parallel to and fifteen (15) feet distant from the northwesterly line of Wyeth Street, about six hundred and three and five-tenths (603.5) feet to the tangent point of a curve; thence running easterly and northerly along said curve of twenty (20) feet radius, about thirty-six and five-tenths (36.5) feet to the other tangent point of said curve at a point in the southwesterly line of Garden Street; thence running southeasterly along said line of Garden Street about twenty-five and five-tenths (25.5) feet to the tangent point of a curve; thence running southerly and westerly along said curve of thirteen (13) feet radius, about twenty-three (23) feet

to the other tangent point of said curve at a point in the northwesterly line of Wyeth St.; thence running southwesterly along the said northwesterly line of Wyeth St., about six hundred and thirty-three and four-tenths (633.4) feet to Concord Avenue, at the point of beginning—exempting and excepting from the above described parcel, such lands as are included within the lines of Oliver Street. Containing about nine thousand five hundred and fifty (9,550) square feet.

Beginning at a point in the northeasterly line of Concord Avenue, at its intersection with the southeasterly line of Wyeth Street, thence running northeasterly along said southeasterly line of Wyeth Street, about twenty and five-tenths (20.5) feet to the tangent point of a curve; thence running westerly and southerly along said curve of twenty (20) feet radius, about thirty-three (33) feet to the other tangent point of said curve at a point in said northeasterly line of Concord Avenue; thence running northwesterly along said line of Concord Avenue, about twenty and five-tenths (20.5) feet to the point of beginning. Containing about eighty (80) square feet.

Beginning at a point in the northeasterly line of Garden Street, at its intersection with the southeasterly line of Wyeth Street, extended and produced, thence running southeasterly along the said northeasterly line of Garden Street, about twenty-six (26) feet to the tangent point of a curve; thence running in a general northerly direction by a curve of twenty (20) feet radius, about thirty-six and five-tenths (36.5) feet to the other tangent point of said curve at a point in the said southeasterly line of Wyeth Street, extended and produced; thence running northeasterly along said southeasterly line of Wyeth Street, extended and produced, about one hundred and ten (110) feet to the tangent point of a curve; thence running northeasterly along said curve of four hundred and thirty (430) feet radius, about one hundred and thirty-six (136) feet to the other tangent point of said curve at a point in the southeasterly line of Brendon Street, extended and produced; thence running northeasterly along said southeasterly line of Brendon Street and said line extended and produced, about six hundred and forty-six (646) feet to a point in the westerly line of Raymond Street, about forty and five-tenths (40.5) feet to a point forty (40) feet distant at right angles from said southeasterly line of Brendon Street; thence running southwesterly along the northwesterly line of Brendon Street, parallel to and forty (40) feet distant from said southeasterly line of Brendon Street, about three hundred and seventy-four (374) feet to the tangent point of a curve; thence running westerly and northerly along said curve of thirty (30) feet radius, about forty-eight (48) feet to the other tangent point of said curve; thence running northerly along the proposed easterly line of Huron Street, about two hundred and eighty-five (285) feet to the tangent point of a curve; thence running northerly and easterly along said curve of thirty (30) feet radius, about forty-five (45) feet to the other tangent point of curve at a point in the southerly line of Lambert Avenue; thence running easterly along said line of Lambert Avenue, about four hundred and seven (407) feet to a point in the westerly line of Raymond Street; thence running northerly along the westerly line of Raymond Street, about fifty and five-tenths (50.5) feet; thence running westerly by a line parallel to and fifty (50) feet distant from said southerly line of

Lambert Avenue, about four hundred and ninety-two (492) feet; thence running southerly along the proposed westerly line of Huron Street, parallel to and fifty (50) feet distant from the opposite or easterly line of Huron Street, as above described, about three hundred and fifty-eight (358) feet to the tangent point of a curve; thence running southerly and westerly along said curve of thirty (30) feet radius, about forty-nine (49) feet to the other tangent point of said curve at a point in the proposed northerly line of Huron Street, fifty (50) feet distant northwesterly from the above described southeasterly line of Brendon Street; thence running southwesterly parallel to and fifty (50) feet distant from the opposite or southwesterly line of Huron Street, as above described, about four hundred and thirty (430) feet to the tangent point of a curve; thence running westerly and northerly along said curve of twenty (20) feet radius, about thirty-nine (39) feet to the other tangent point of said curve at a point in the easterly line of Dublin Street; thence running southerly along said easterly line of Dublin Street, about forty-one (41) feet to the intersection of said easterly line of Dublin Street with the northeasterly line of Garden Street; thence running southeasterly along said northeasterly line of Garden Street, about thirty-nine (39) feet to the southeasterly line of Wyeth Street extended and produced at the point of beginning. Containing about eighty-four thousand seven hundred (84,700) square feet.

The Joint Standing Committee on Finance

to which was referred a report and order of the Committee on Roads and Bridges, of Sept. 19, 1893, in relation to the widening, extension and laying out of certain streets in the extension of Huron street, from Concord avenue to Brendon street, and other streets in connection therewith; and to which was referred so much of the Mayor's inaugural address as relates to the same subject,

Reports

Recommending

the adoption of the accompanying order appropriating the sum of \$24,946.00 for laying out the streets named in the aforesaid order, said sum to be met by a City Debt to be created hereafter.

Your Committee further recommends the passage of the accompanying Resolve and Order taking certain parcels of land therein described and laying out the same as public streets or ways of the City of Cambridge with the names of Wyeth street, Brendon street, Newell street and Lambert avenue, respectively, or such other names as may hereafter be fixed upon by the City Council, all according to a plan by Lewis M. Hastings City Engineer, dated June 1. 1893, and on file in his office; and at a total estimated expense of \$ 24,946.00, of which amount the sum of \$ 11,178.19 is awarded to abutters on said streets as damages for the aforesaid widening, extension and laying out thereof, for the payment of which latter sum,—

(over)

Your Committee further recommends the adoption of the accompanying order authorizing the Mayor to draw his several warrants upon the City Treasurer in favor of the persons named in the schedule of awards annexed to the Resolve and Order aforesaid, in payment of damages for the land so taken as aforesaid.
