To the Honorable Mayor and Aldermen
of the City of Cambridge

The undesigned Respectfully Petition that the order passed at your last meeting relating to raising the curb Stone on the South Westerly side of main Street, betwen Arrow and the junction of Mount Auburn St. may be Reconsidered,

they would represent that Some years ago, they placed curb stones in front of their Estate Conforming to the then grade of the Street, under the Supervision of the City Authorities, Since that time the grade has been changed to meet the wishes of the Cambridge Rail Road company, your petitioners therefore claim, that if the action of the Company has made that potion of the Street dangerous, it Should be required to restore the Same to its Original grade, which would very much improve the general appearance of the Street, and be done at much less cost than would be the damage to Individual property by raising the curb Stone.

we therefore urgently protest against the action of the Board, as we did against the proppositon when made to us by the Alderman from Ward one.
