Subject Slanted Curb Cuts

Please be advised the Public Works Department has taken steps to comply with Chapter 83, Section 25, of the General Laws relative to curb cuts. Any areas that we have worked on new sidewalks or curbs, we have or will provide curb cuts. I have instructed all contractors and agencies working in the City that they are required, and further all work performed this year will have these curb cuts included. We are also investigating the possibilities of installing these in heavy traffic areas where handicapped people will frequent.
