CSNC PETITION

TO: City of Cambridge officials and the Cambridge City Council

WE, the undersigned Cambridge residents, request that the Cambridge Police enforce the existing truck traffic bans on River Street, Pleasant Street, Western Avenue, parts of Massachusetts Avenue and Prospect Street. Since 1974 trucks weighing over 2.5 tons have been prohibited from travelling these streets between 7 p.m. and 7 a.m. weeknights and at all hours on Saturday and Sunday. Trucks are banned at all times on Prospect Street. The lack of enforcement of these statutes seriously affects the quality of life of residents living on or near these streets, subjecting them to undue noise, vibrations that shake buildings and crack ceilings and walls, air pollution and traffic hazards.
