Dear Sir/Madam

I am writing in support of the proposed North Mass Ave Project. In particular I want to support the creation of bicycle lanes through this stretch of road. I understand that the project is drawing heavy criticism, probably since it involves the removal of a handful of parking spaces. Although I have access to a car, I choose to shop on my bicycle and I tend to frequent stores that are accessible by bicycle. It is my belief that the Mass Ave Project will not only improve traffic flow, but will serve to stimulate commerce in the area by improving access for pedestrians and bicyclists.

Thank you,
