Dear Mr. Fagone:

Enclosed please find a petition for renewal of cement sidewalks around the Sage Building at the corner of Brattle and Church Streets in Harvard Square. They have been patched and repatched in recent years. Further deterioration has made them not only unattractive but unsafe. This spring a woman injured her toe on one of the protuberances and complained to the Edwin R. Sage Company. She was given an insurance form which she chose not to return. We were lucky. People are seen to stumble fairly often but, probably since most of them are fairly young, they do not injure themselves.

Your attention to this matter would be greatly appreciated.

Sincerely,

Priscilla Sage Aikenhead
