To the Honorable, the City Council:

With respect to Awaiting Report Item No. 7 regarding the status of fire protection in the East Cambridge neighborhood, please be advised that the first new fire station in forty years is under construction in East Cambridge. The new Kendall Square station will be developed as an integral part of the entire Kendall Square Development which is now set to go forward as a result of the City Council's passage of the Mixed Use Development Zone.

Until this station is completed, adequate coverage will be provided by Main Street, Gore Street, and Portland Street Stations, and soon by the new East Cambridge Station.

Very truly yours,

James L. Sullivan
City Manager
