

May 18. 89.

To the Chairman &
Com of Roads & Bridges

Gentle. Several different property
Owners have been & are endeavoring to improve the
locality about Trinthrop Square. Hard One. but
the condition of the latter is an eyesore to the
whole neighbourhood. They ~~respectfully~~ have
asked me to represent the matter to you & to
request that an improvement be made. It is
one of the oldest Squares in the City & nothing
has been done to it for many years. I fully
endorse the necessity. as at present, it is in
really a disgraceful condition & being on two
main avenues is much noticed & commented
on. New fods are needed & the fence painted.
The area being very small, the expense cannot
be large - in fact, inconsiderable & I would
suggest that above be at once done. In
years past, this little Square has been quite an
ornament, but ^{of late} has been entirely neglected!
Hoping favorable action may be taken, I am

Respectfully Yrs
John Lead

To Wm E. Doyle Esq
Chairman Roads & Bridges.
