When necessary, a city, town or district may appropriate funds to be placed in the special fund authorized by the preceding paragraph to be used for the purposes for which the fund was established and a city, town or district may establish a fee not to exceed ten per cent of the costs of services authorized under this section. 1. G. L. Chap. 44, Sec. 53C provides as follows:

"All money received by a city, town or district as compensation for work performed by one of its employees on an off-duty work detail which is related to the employee's regular employment shall be deposited in the treasury and shall be kept in a fund separate from all other monies of such city, town or district and notwithstanding the provisions of section 53, shall be expended without further appropriation, in such manner and at such times as shall, in the discretion of the authority authorizing such off-duty work detail, compensate the employee for such services.

When necessary, a city, town or district may appropriate funds to be placed in the special fund authorized by the preceding paragraph to be used for the purposes for which the fund was established, and a city, town or district may establish a fee not to exceed ten per cent of the costs of services authorized under this section. Any such fee received shall be credited as general funds of the city, town or district and shall not be used again without further appropriation".

2. Pursuant to the second paragraph of Section 53C, the City, unilaterally, without agreement of the Association, and without negotiations under law, established a 10% fee which increased the paid detail rate from \$8.00 to \$8.80 per hour.

3. As a result of the increased rate, due to the 10% fee implemented by the City, certain vendors have cancelled paid details, and those opportunities, formerly enjoyed, have been lost to the police.
