Attention: City Clerk

Gentlemen:

While walking in front of 11 Gray Street, Cambridge on September 9, 1981 at approximately 9:00 A.M., I tripped over a defect in the sidewalk. This accident was witnessed by Mr. Graziano Galante who was doing repair work at 17 Gray Street.

As a result, the fronts of both shoes were severely damaged by the cement. These shoes cost \$75.00.

I would strongly suggest that the sidewalk be repaired before some pedestrian suffers a crippling injury.

I expect to be reimbursed the price of the shoes.

Sincerely yours,

S. N. Mangano
